## About Encore!

Encore! is a non-profit group of experienced community musicians, passionate about the art of handbell and chime ringing. Established in 2008, under the skillful leadership of Director Cara Davis, Encore! Has graciously received its initial support from the First Presbyterian Church of Oshkosh.

Our mission is to promote the appreciation of handbells throughout the community by providing an opportunity for skilled ringers to perform a challenging collection of familiar songs and original compositions.

We are enthusiastic about creating an inspiring repertoire of music to present to audiences throughout the Fox Valley and beyond. Our diverse musical selections range from traditional, classical, holiday and spiritual to more contemporary numbers and jazz pieces.

Encore's purpose is to have fun, while bringing quality interactive musical performances to the community. We are dedicated to each other, the pursuit of musical excellence, and we strive to build a distinguished reputation as educators and entertainers in the art of handbell ringing.
